INDOOR BOWLS PROGRAMME

WELCOME

This is the first time that Indoor Bowls has been included in the Island Games and I consider that this is a wonderful opportunity to introduce our sport to competitors from other islands. We do hope that visitors who do not play indoor bowls will take this opportunity to visit us at the Guernsey Bowls Stadium and see for themselves how well suited our sport is for those islands who experience long cold winters, and it may be that they will return to their community convinced that indoor bowls should be introduced to their island.

The timing is certainly ideal, the media are taking an active interest in indoor bowls which coincides with an ever increasing number of stadia opening in many countries of the world, including Australia and New Zealand.

The Island Games are also an ideal opportunity to bring bowlers together from other islands and we hope that they will derive great pleasure from the hours spent on our bowling green and that they will take home many happy memories, I take this opportunity of wishing all the competitors well and hope that we shall meet again on the green before too long.
